

```
1  #include <stdio.h>
2  #include <string.h>
3
4  #define MAX_CADENA 50
5
6  int main(void)
7  {
8      char cadena1[MAX_CADENA];
9
10     printf ("introduzca la cadena: ");
11     fgets (cadena1,MAX_CADENA,stdin);
12
13     fputs (cadena1,stdout);
14
15     return 0;
16 }
```
